

- 1 Chose the spot for your Satellite Speaker
- 2 Hold this template flat and level on the wall
- 3 Mark drill locations with a pencil
- 4 Remove the template and drill holes
- 5 Fit the wall plugs
- 6 Open the wallmount lid
- 7 Screw the wallmount lid on the wall
- 8 Connect the speaker

The wall mounting materials are not included in the package, as the type to be used depends on the respective wall.
 Only use mounting materials that are suitable for use with your walls. Please contact a specialist if you have any question about this.
